Dear Mr. Marchant and Mr. Fuller:

This report is transmitted as required by s. 20.002(11)(f), Wisconsin Statutes, (for distribution to the appropriate standing committees under s. 13.172(3), Wisconsin Statutes) and confirms that the Department of Administration has found it necessary to exercise the "temporary reallocation of balances" authority provided by this section in order to meet payment responsibilities and cover resulting negative cash balances during the month of June 2011.

On June 1, 2011, the **Medical Assistance Trust Fund** cash balance closed at a negative \$290.8 million (its intra-month low). This negative balance continued through June 30, 2011, when the fund's cash balance closed at a negative \$248.7 million.

On June 1, 2011, the **Police and Fire Protection Fund** cash balance closed at a negative \$8.4 million (its intra-month low). This negative balance continued through June 30, 2011, when the fund's cash balance closed at a negative \$4.0 million.

On June 1, 2011, the **Democracy Trust Fund** cash balance closed at a negative \$896 thousand (its intra-month low). This negative balance continued through June 30, 2011.

On June 1, 2011, the **Environmental Fund** cash balance closed at a negative \$11.3 million. This negative balance continued through June 30, 2011, when the fund's cash balance closed at a negative \$13.5 million (its intra-month low).

The Medical Assistance Trust Fund, Police and Fire Protection Fund, Democracy Trust Fund, and Environmental Fund shortfalls were due to the difference in the timing of revenues and expenditures, were not in excess of the statutory interfund borrowing

limitations and did not exceed the balances of the funds available for interfund borrowing.

The distribution of interest earnings to investment pool participants is based on the average daily balance in the pool and each fund's share. Therefore, the monthly calculation by the State Controller's Office will automatically reflect the use of these temporary reallocations of balance authority, and as a result, the funds requiring the use of the authority will effectively bear the interest cost.

Sincerely,
